

# Self-suction pump supply kits

Vertical or horizontal kits, with or without base and with cabinet

- ✓ Multiple options tailored to your needs
- ✓ Wide variety of pumps and meters
- ✓ ATEX models of pumps and meters available

# Experts in fluid technology since 1974

**At Gespasa we have been manufacturing products for the transfer, filtering, measuring and control of fluids for 50 years. This experience and the integration of the entire production process in our facilities allows us to develop customised equipment with high reliability and durability.**

# Multiple configuration options

## The most complete range of kits

- ✓ Configure the kit according to your needs
- ✓ Choose from 8 pump options
- ✓ 4 different meter models
- ✓ We offer ATEX-certified pumps and meters
- ✓ We can design and manufacture kits according to your specific requirements

## Nozzles and hoses

### PSF-040 + hose

PSF-040 manual nozzle  
4 m delivery hose of Ø19 mm (¾") or  
Ø25 mm (1") with adapters in both ends

### PA-60 for diesel + hose

PA-60 automatic nozzle  
4 m delivery hose of Ø19 mm (¾")  
with adapters in both ends

### PA-80 for diesel + hose

PA-80 automatic nozzle  
4 m delivery hose of Ø25 mm (1")  
with adapters in both ends

### PA-80 for unleaded petrol + hose

PA-80 automatic nozzle  
4 m delivery hose of Ø19 mm (¾") or  
Ø25 mm (1") with adapters in both  
ends (UNE-1360)

\*The nozzles and hoses can be optional or included depending on the kit model.

# Kits without base

Supply kits consisting of a pump and volume meter

### Components

- ① Electronic or mechanical meter
- ② Self-suction pump
- ③ Optional
  - › The kit can be completed with a nozzle, 4 m of supply hose and a metal tube suction kit

AG-90 12/24 VDC + MG-80

IRON-50 230 VAC + MGE-110

IRON-50 Ex 12 VDC + MG-80A

## Kits with base no. 4

Kits with base prepared for wall mounting or any surface

### Components

- ① **Electronic or mechanical meter**
- ② **Self-suction pump**
- ③ **Base no. 4**

- › Base with treatment to maximise corrosion protection
- › Nozzle hanger with rubber protection

### ④ **Optional**

- › The kit can be completed with a nozzle, 4 m of supply hose and a metallic tube suction kit

IRON-50 12/24 VDC + MG-80

AG-100 230 VAC + MG-80

IRON-50 Ex 12 VDC + MG-84A

## Wall kits

Kits with a base specially designed for wall mounting

### Components

- ① **With or without electronic or mechanical meter**
- ② **Self-suction pump**
- ③ **Zinc-plated sheet support**
  - › Holes for its easy installation
  - › "Easy lock" nozzle hanger that prevents the nozzle from being accidentally unhung
  - › Nozzle lock through padlock (padlock not included)
- ④ **FG-100 microfilter**
  - › Water repellent microfilter (included in some models)
- ⑤ **Nozzle and hose**
  - › Automatic nozzle and 4 m delivery hose with adapters in both ends

## Horizontal kits

Horizontal kits for easy installation for drums from 50 to 200 L

### Components

- ① **Self-suction pump**
- ② **With or without electronic or mechanical meter**
- ③ **Nozzle and hose**
  - › Manual or automatic nozzle
  - › 4 m antistatic double layer delivery hose for diesel with adapters in both ends
- ④ **Suction hose**
  - › 1.70 m hose special for diesel
  - › Foot filter or 1" York filter
  - › M1"x 25 mm PP adapter
  - › 2 x 25x40 mm brackets

AG-90 12/24 VDC + MG-80 + PA-80

IRON-50 12/24 VDC + MGE-110 + PSF-040

AG-100 230 VAC + MG-80 + PA-80

IRON-75 230 VAC + MG-80 + PA-80

## Vertical kits

Vertical kits for easy installation for drums from 50 to 200 L

### Components

- ① **Self-suction pump**
- ② **With or without electronic or mechanical meter**
- ③ **Nozzle and hose**
  - › Manual or automatic nozzle
  - › 4 m antistatic double layer delivery hose for diesel with adapters in both ends
- ④ **Suction kit**
  - › M1" F1 1/4" telescopic tube kit · height 1.90 m
  - › With filter built in

IRON-50 12/24 VDC + MG-80 + PSF-040

IRON-75 230 VAC + MG-80 + PA-80

IRON-75 230 VAC + MGE-110 + PA-80

## Kits with outdoor cabinet

Kits mounted inside a cabinet for its protection

### Components

- ① **Electronic or mechanical meter**
- ② **Self-suction pump**
- ③ **Cabinet**
  - › Made of steel
  - › Lower opening to pass the hose
  - › Locking with key and/or padlock (padlock not included)
  - › Nozzle hanger (interior or exterior depending on the model)
- ④ **FG-100 microfilter**
  - › Water repellent microfilter (included with some models)

Kit Equipe (IRON-50 230 V + MG-80 + FG-100)

S-50 230 V + MG-80 Kit

\*Nozzle and hose not included with this type of kit.

## Diesel Battery Kit

Kit in a printed box with all the necessary elements for the transfer of diesel

### Components

① **Self-suction pump**

› IRON-50 12/24 VDC

② **Nozzle and hose**

› PSF-040 manual nozzle

› 4 m Ø19 mm delivery hose for diesel with adapters in both ends

③ **Included accessories**

› PP foot filter with stainless steel mesh

› 2 x 25x40 mm brackets

› 1" PP adapter

④ **Printed box**
